MEMORANDUM

SUBJECT: Waste Shipment Record Inspection of Public Service
Company of Colorado (May 16, 1995)

On May 16, 1995, I conducted an inspection of the Waste Shipment Records (WSR) of Public Service Company of Colorado at their office at 1225 17th Street, Denver, CO. I reviewed the files of all asbestos removal projects from March 1994 through December 1994. The Environmental person of the company contacted was Eric Peters. Thirteen (13) permitted projects files were reviewed in a one hour period. Signed WSRs were on file for all but four projects. The missing WSRs will be accounted for and faxed to me within 30 days.
